## Mission Leaders

At WorldVenture, we knew that our field personnel and national colleagues needed help starting and operating their BAM ventures. But, we couldn’t find the right business coaches to help them. Our circles were too limited.

So, our BAM team created [www.BAMmatch.com](http://www.BAMmatch.com), an online matchmaking service for everyone doing BAM. Through BAMmatch, we have made multiple matches for WorldVenture projects and so have other organizations and BAM practitioners.

## Bigger is Better

The bigger BAMmatch gets, the better it can help all of us. Just think how great it would be to have dozens of organizations posting their BAM needs and thousands of business people searching us out.

Go to [www.BAMmatch.com](http://www.BAMmatch.com) and check it out!

- See how each organization can have its own branded pages.
- Look at a couple of the 80+ BAM Opportunities already posted.
- Check out a sample of matches made, at the bottom of the home page.
- Read a detailed white paper on services provided under “Featured Organizations”, in the right hand column, middle, of the home page.

Email or call us and we can walk you through the site and the power of online matchmaking for the Kingdom and your ministries.
