

Various Positions – New Training Company – Cross Cultural Transitioning

This is a company in the research stage with the objective of launching training programs for experienced International Business professionals currently working in the Business Sphere. The cultural spaces are English, Spanish and Arabic cultural-linguistic environments and countries.

The company is based in southern Spain where full-time intensive training programs will take place. Initially the new team members will form a development group to create the training programs. Each member must provide their own funding.

Each member is required to make an initial commitment of two years, beginning in September/October 2018. Member characteristics are: Business professionals of 20 or more year's experience, proven international and cross-cultural experience of 10 or more years, group focused social and faith paradigm, disciple-maker experience, spirit-filled and gifted, able to teach using an active learning and engagement approach. Native competency in English and Spanish or Arabic required.
